Conrad:

I hope these are the last questions I have to forward until 2nd notice:

7/12/01 Bill takes effect. Staff begins drafting rules.

10/18/01 1st draft of proposed rules is sent to interested parties for comment.

1/16/02 2nd draft is sent to interested parties for comment. Input is solicited on the need to hold a workshop.

4/19/02 Workshop held.

5/24/02 3rd draft is sent to interested parties for comment.

3/17/04 Docket is filed.

The timing seems reasonable to me until you get to the gap between 5/24/02 and 3/17/04. Can someone explain the delay?

Also, at 2nd notice please supply a specific date for 535.100(a)
